Fax +358 (0)3 734 6607  
E-mail: [marketta.iso-kuortti@phnet.fi](mailto:marketta.iso-kuortti@phnet.fi)

I established a store together with my husband in 1980. At that time, artificial leather and foam plastic were new and very popular products.

Today, our store is a store specialising in foam plastic and interior decoration articles, favouring Finnish products. We have expanded our product selection; when coming to us, customers will receive professional service.

Our strength is individual service for the needs of each customer. Customers will also find high-quality products they need for many hobbies and leisure activities.

Our extensive product selection includes, for example:

- Coated or uncoated foam plastic for sofas, recliners, beds, children's toys
- Standard and special size mattresses and mattress covers, coated or uncoated
- Textile and fibre based wax cloths, washing machine and ironing proof qualities available
- Camping mattresses
- Closed-cell plastics
- Sympatex rugs for wet premises
- Plastic-coated products
- Shower curtains, contact plastic
- Styrox beads
- Cotton wool and foam plastic grains

Our store is in downtown Lahti, so it is easy to find us.

In my part, I wish to promote female entrepreneurship by means of organizational activity. I am the chairperson of the Lahti Region Female Entrepreneurs and a member of the board of Central Association of Women Entrepreneurs in Finland.
