Nature Tourism Information / Small Salon

The principal aim of these trips is to introduce visitors to the unique natural heritage and wildlife of Estonia, which have fortunately been preserved in many places in our country, thanks to enlightened attitudes towards conservation and a deep-rooted tradition of respect for the natural world. Each trip is escorted by a skilled Estonian leaders with the necessary local expertise; they are often professional biologists or nature reserve employees. Our services can also include the reservation of accommodation, meals and transportation to form a fully inclusive tour in accordance with the specifications of our clients.
