

## ICELANDIC HORSE STABLE AVENTURO

### Hacking and Trekking with Icelandic Horses

Join us on accompanied hacks and treks with Icelandic horses in the beautiful Finnish countryside.

You will be fascinated by the rolling hills and peaceful country atmosphere. Jump on a horse and let her take you to the narrow roads, open fields and twisting forest trails, over rivers and high ridges.

On the back of a mild-mannered Icelandic horse you will truly see and feel the beauty of Finnish nature with its manifold colours and scents all year round. Experience the distinct Finnish seasons: the white nights of the summer, the clarity and beauty of the autumn colours and the biting frost of the winter.

You can choose between three-day to five-day tours with full board in the Finnish countryside. Spend a memorable holiday on horseback in the midst of nature – including mouthwatering delicacies around the camp-fire and then, to crown your day, we'll take you to Finnish sauna and let your body relax. If riding is not enough for you, you can also go canoeing or fishing – just let us know, we will arrange it for you.

Welcome to join us on a memorable holiday in the breathtakingly beautiful Finnish countryside!

We will serve you in Finnish, Swedish and English (German guidance will be arranged if requested).

WELCOME!
