

Dear FEM partners,

We have decided in the part project of FEM in North Karelia Finland in Karellikeskus Ltd to gather up a **Women's International Media Group**.

The aim is that women from the business field of media (communication, tv, radio, press etc.) from all our FEM partner countries could e.g.

- § change their experiences
- § make new contacts and business networks
- § develop together the FEM and women resource centre dissemination and mainstreaming
- § plan, develop and carry out common media projects
- § visit each other and
- § get to know the specialities, strengths and weaknesses of every partner country in this line of business.

Everyone interested in the group is welcome to join to it!

If you have any ideas, questions or proposals, please contact me, tel. + 358 (0)40 571 6183, [katariina.eskelinen@karellikeskus.fi](mailto:katariina.eskelinen@karellikeskus.fi).

Please, forward this message to the women in your FEM network, thank you!

Best regards with Finnish early summer greetings,

*Katariina Eskelinen*
